

GETTING READY FOR ATP GRANT CYCLE 5

September 26, 2019

STEPS TO A SUCCESSFUL ATP APPLICATION

- 1: Read the ATP Guidelines
- 2: Identify your project
- 3: Get your team together
- 4: Make an action plan
- 5: Gather Background Information
- 6: Community Outreach
- 7: Prepare ATP application

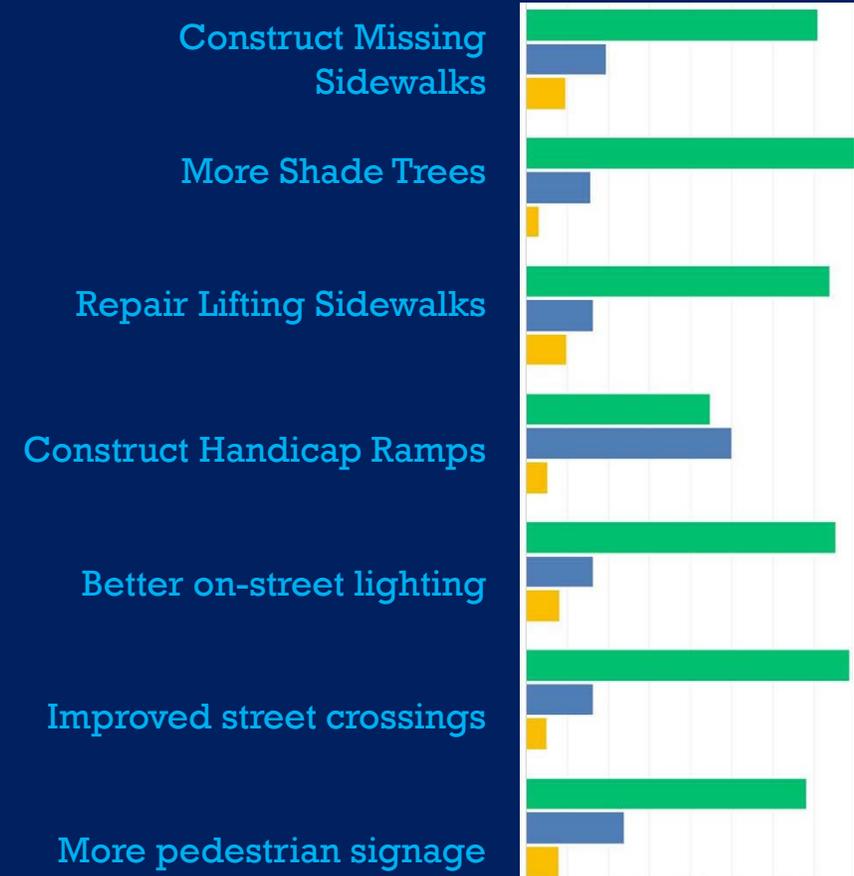

IDENTIFY YOUR PROJECT

What are the walking/biking issues in your Community?

Resources:

- Community Based Organizations
- Police Department (their observations and collision reports)
- Teen Groups
- Public Requests
- Surveys

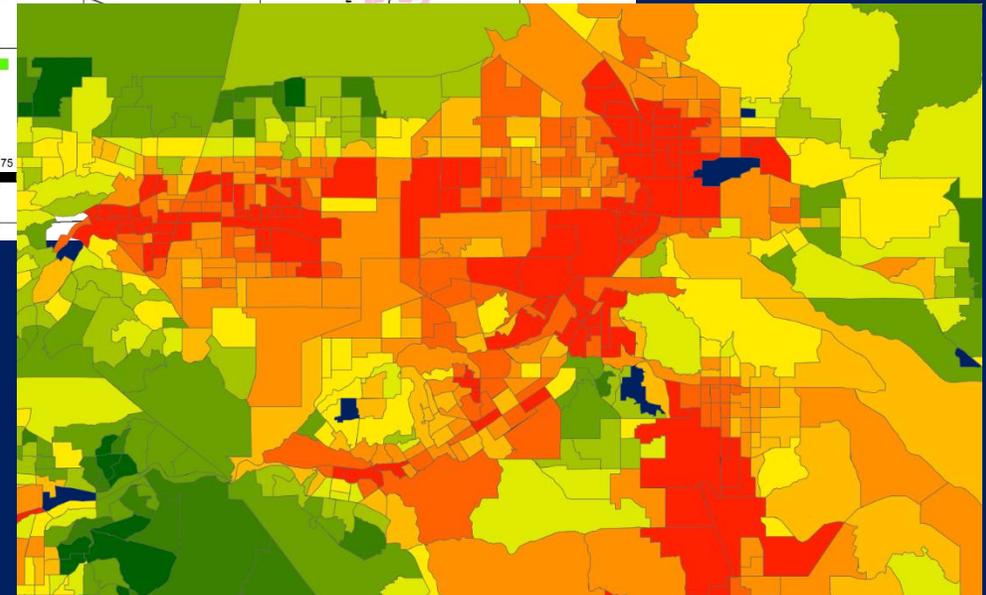

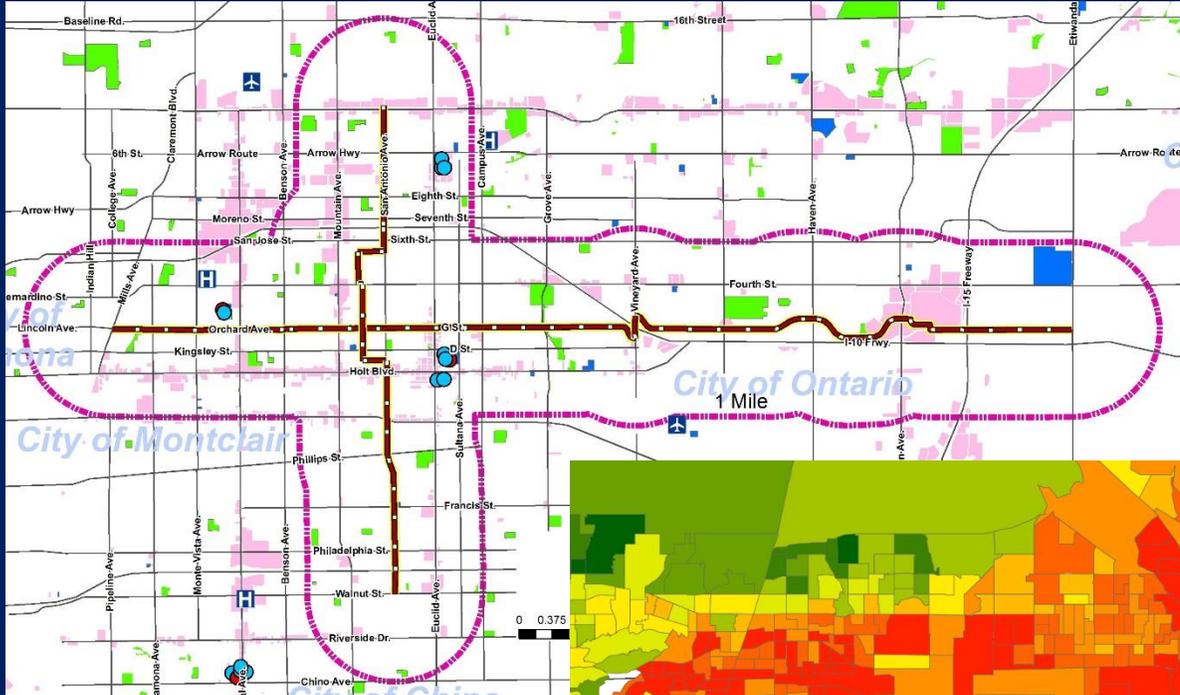

What would make you walk more?

IDENTIFY YOUR PROJECT

Where: Identify what destinations the project will serve?

- Schools
- Local Shopping
- Medical Uses
- Employment
- Transit

Is the project in a
Disadvantaged Community?

GET YOUR TEAM TOGETHER

Team Might Include:

- Planners
- Engineers
- Community Advocates
- Community Members
- Recreation Staff
- Police
- Public Health
- Media Team
- Transit Providers
- Non-Profits

COLLECT BACKGROUND INFORMATION

Pedestrian / Bike / Student Counts

- All Projects getting CTC allocation after October 2019 must Follow ATP Interim Count Guidance which includes:
 - Type of Count Data Needed
 - Determining the Number of Count Locations Needed
 - Selecting Count Locations
 - How to Conduct Pedestrian and Bicycle Counts
 - How to Estimate Average Daily Bicycle Pedestrian Volumes

<https://dot.ca.gov/-/media/dot-media/programs/local-assistance/documents/ob/2019/ob19-02-attachment.pdf>

COLLECT BACKGROUND INFORMATION

Flash Training to be posted on CDPH website in October to help in following the Caltran's Interim (Pedestrian/Bicycle) Count Guidance at:

<http://coatpresources.org/index.cfm?pid=1462>

COLLECT BACKGROUND INFORMATION

Pedestrian and Bike Collisions

ATRC has technical training (Flash Training) on how to pull information from TIMS

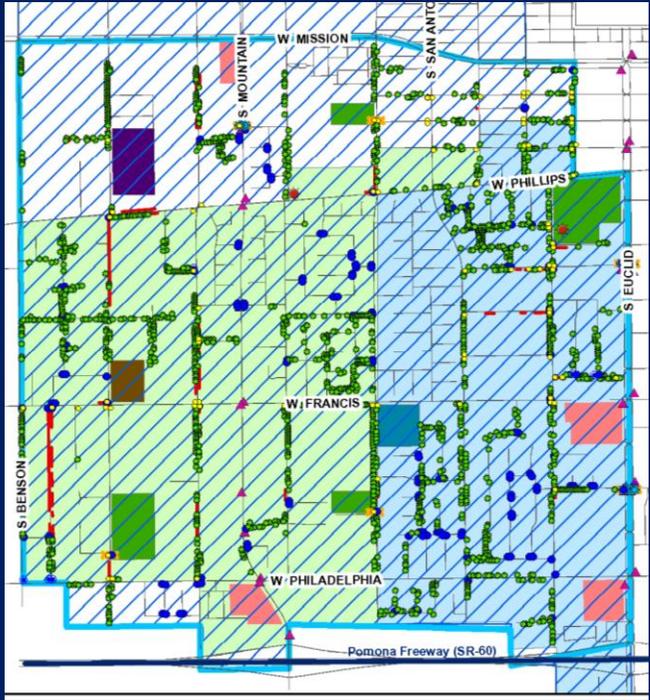

<http://caatpresources.org/index.cfm?pid=1462>

TIMS has pedestrian and bicycle collision data package for ATP applications along with collision type/cause details (create free account)

<https://tims.berkeley.edu/login.php?next=/tools/atp/>

COLLECT BACKGROUND INFORMATION

- Inventory existing facilities to determine potential improvements

- Photos of locations where improvements are proposed

COMMUNITY OUTREACH IDEAS

Reach out to the community to help define the project and identify issues to solve

- Tag onto existing community activities/meetings
- Surveys (Multi-Lingual if appropriate)
- Social Media

The flyer is titled "ONTARIO *Active* TRANSPORTATION" in a blue header. Below the header, there is an illustration of a city street scene with a person walking a dog, a person on a bicycle, and a person walking. To the right of the illustration, the text reads: "The City is seeking public input on active transportation needs in Ontario in order to encourage more biking and walking in the community. You can provide your input in one of the following ways:"

Open House
JUNE 19, 2018 • 3 PM - 7 PM
De Anza Community & Teen Center
1405 S. Fern Avenue | Ontario, CA 91762

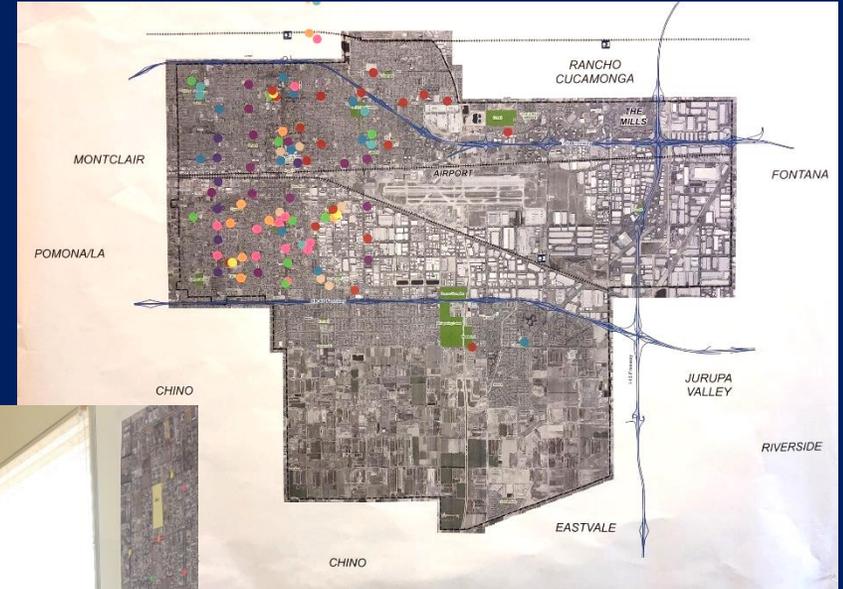

Online Survey
WWW.ONTARIOCA.GOV/SURVEY

At the bottom of the flyer, it lists: Mayor Paul S. Leon • Mayor pro Tem Alan D. Wepner
Council Members Jim W. Bowman, Debra Dorst-Porada and Ruben Valencia. The City of Ontario logo is in the bottom right corner.

COMMUNITY OUTREACH IDEAS

Find champions in the community to help identify and build support for the project

- School District / Principal
- Recreation Staff
- Police Department
- Public Health Staff
- Local Churches
- Teen groups
- Community Based Organizations

COMMUNITY OUTREACH DOCUMENTATION

Document your outreach efforts with:

- Sign-In Sheet
- Agenda
- Photos
- Copy of materials distributed (multi-lingual if appropriate)
 - Notices
 - Handouts
- Summary of Comments Received

KEEP IN MIND

- How will your project increase walking and/or biking?
- How will your project improve the safety of walkers and bikers?
- How might the project improve public health?
- Consider adding a non-infrastructure (education and encouragement) component that would further the project goals?
- The project plans should be conceptual in nature and understandable to all (incl. non-engineers) but clearly constructable

KEEP IN MIND

- The highest scoring ATP applications for past cycles are available at:

<https://catc.ca.gov/-/media/ctc-media/documents/programs/atp/2019-atp-successful-apps-v2-all.pdf> (Click on Project Name)

- Scoring Rubrics tell how a question and its subparts are weighted
- **TELL YOUR STORY !!!** Remember the Evaluators probably know nothing about your community.

HELPFUL RESOURCES

Active Transportation Resource Center

- On-Line Training
- In-Person Classes
- Flash Training (Guidance on ATP Application Questions)
- Automated Counter Loan Program (pedestrian and bike counts)
- Technical Assistance for Disadvantaged Communities (up to 10 communities for ATP Cycle 5) – Seeking interested community in late Fall 2019/Winter 2020
- Non-Infrastructure Workshop

<http://caatpresources.org/>

HELPFUL RESOURCES

StreetMix

- Free program that graphically shows dimensioned street cross sections (for the graphically challenged)

<https://streetmix.net> (best to use in Chrome)
